**SPECIAL REGULATIONS NO. 110.**

WAR DEPARTMENT,  
WASHINGTON, *March 23, 1922.*

The following law and regulations governing the issue of rifles and accessories and sale of ammunition to posts and camps of organizations of honorably discharged soldiers, sailors, or marines are published for the information and guidance of all concerned, and supersede Special Regulations No. 110, dated July 21, 1920.

[A. G. 470 (3-14-22).]

BY ORDER OF THE SECRETARY OF WAR:

JOHN J. PERSHING,  
*General of the Armies,  
Chief of Staff.*

OFFICIAL:

P. C. HARRIS,  
*The Adjutant General.*

Department or corps area ordnance officers, where located.....	15

**1. Act of Congress.**—The act of Congress authorizing the issue of rifles and accessories and sale of ammunition is as follows:

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled* \* \* \*

That the Act entitled "An Act authorizing the Secretary of War to loan Army rifles to posts of the American Legion," approved February 10, 1920, be, and the same is hereby, amended to read as follows:

"That the Secretary of War is hereby authorized, under rules, limitations, and regulations to be prescribed by him, to loan obsolete or condemned Army rifles, slings, and cartridge belts to posts or camps of organizations composed of honorably discharged soldiers, sailors, or marines, for use by them in connection with the funeral ceremonies of deceased soldiers, sailors, and marines, and for other post ceremonial purposes; and to sell such posts and camps blank ammunition in suitable amounts for said rifles at cost price, plus cost of packing and transportation: *Provided, however,* That not to exceed ten such rifles shall be issued to any one post or camp."

\* \* \* \* \*

Approved June 5, 1920.

**2. Kind of rifles to be issued.**—The rifles to be issued under the provisions of this act of Congress are limited to the United States rifle, caliber .30, model of 1898. These arms will be issued on the basis of not to exceed 10 to each post or camp, as required for funeral ceremonies for soldiers, sailors, and marines, and for other post or camp ceremonial purposes.

**3. Accessories.**—The accessories to be issued with each rifle will be one gunslng, one cartridge belt, and one cleaning rod (sectional). There will also be issued with the 10 rifles and appendages one arm chest (capacity 10 rifles).

**4. Sale of blank ammunition.**—Blank ammunition in the amounts required will be sold at cost price, plus cost of packing and transportation, upon application by the proper officer of the post or camp, approved by

the State commander or other proper authority, and forwarded with certified check or money order to the department or corps area ordnance officer, United States Army, under whose territorial jurisdiction the post or camp is located. The cost of this blank ammunition, as packed in original container, is \$10 per thousand rounds, including packing. An additional charge for packing will be made in all cases where original containers must be broken, as follows: For lots from 100 to 300 rounds, 50 cents; for lots greater than 300 rounds, 75 cents.

**5. Applications, to whom submitted.**—Each application for issue of rifles and accessories or sale of ammunition under the provisions of this act must have the approval of the State commander or other proper authority, insuring that the particular post or camp is a bona fide organization as contemplated by the terms of the act, and should be forwarded to the department or corps area ordnance officer, United States Army, under whose territorial jurisdiction the post or camp is located. Applications should state clearly the street and city address and nearest railroad station, and also whether shipment is to be made by freight or express collect.

**6. Bonds to be filed before issue.**—Issue of the above property will be directed by the proper department or corps area ordnance officer, United States Army, to the individual post or camp upon the filing of a bond by such organization, approved by the State commander or other proper authority, in the penal sum of the value of the property, and providing that said organization guarantees to take proper care of and safely keep and account for the arms and accessories issued to it, and shall, when required by the Secretary of War, duly cause the return of said property in good order within 30 days to such arsenal or depot as the Secretary of War may designate to receive them. Should this bond be executed by an individual, such individual should be one of the executive committee of the requisitioning organization who must submit his authority for so doing. The value of the property covered by the bond should include not only that of the immediate issue, but also such issues as may be made at a later date, in order to have all Government property issued to an individual post or camp covered by a single bond.

**7. Supply of bond; form of bond, issue.**—Upon the receipt of approved application for Government property as herein provided by the department or corps area ordnance officer, United States Army, he will supply the proper form of bond with full instructions as to its execution, and no issues will be made until the bond shall have been duly approved and accepted.

Upon receipt of satisfactory and properly executed bond, the department or corps area ordnance officer will direct shipment of the property from a designated establishment, and will notify the property officer charged with the storage and issue of quartermaster or ordnance property at the post where the headquarters of the department or corps area concerned are located (who is charged with property accountability for property issued under this act) of his action. The shipping establishment will prepare the required shipping tickets (see Special Regulations No. 120) and will forward them to the authorized representative of the post, requesting that receipt of the property be acknowledged by proper notation to that effect on the tickets, and that the tickets be then forwarded to the post ordnance officer (or post quartermaster officer) concerned. The latter will complete the shipping tickets and return them to the shipping establishment.

**8. Transportation.**—The transportation of rifles, accessories, and ammunition from the Government arsenals or storage depots to such posts or

camps and back to the Government arsenals or storage depots, must always be without expense to the United States Government.

9. **Care of rifles and accessories.**—The posts and camps to which issues of rifles and accessories are made will be required to keep said property in like good and serviceable condition as when issued by the United States Government, and for this purpose necessary spare parts, implements and appendages will be sold to such posts and camps at cost price, plus cost of packing, upon application approved by the State commander or other proper authority to the department or corps area ordnance officer, United States Army, under whose territorial jurisdiction the post or camp is located.

10. **Returned rifles and accessories to be inspected.**—When rifles or accessories are returned to the Ordnance Department by any post or camp, they will be carefully examined when received at the Government arsenal, and if they are found imperfect or unserviceable by reason of carelessness or other causes than legitimate use in service, the cost of such repair shall be chargeable to said post or camp and payment thereof must be made to the United States Government.

11. **Rifles and accessories unfit for use.**—When any rifles or accessories become unfit for further use, the executive officer of the post or camp will report the fact to the proper department or corps area ordnance officer, United States Army, who may authorize the shipment thereof to a Government arsenal without expense to the United States Government. On reaching the arsenal the property will be inspected by an officer of the Ordnance Department, and if its condition is found to be due to ordinary incidents of service, such property may be replaced with serviceable property of like character; but if the condition is found to be due to carelessness or other than legitimate causes, the extent of the damage or value of missing property will be determined by the department or corps area ordnance officer, United States Army, who will require payment by the responsible party under the bond before any new issues will be made.

12. **Accounting for property.**—Property issued to posts composed of honorably discharged soldiers, sailors, or marines, in pursuance of the provisions of the act herein cited, will be held by such posts on memorandum receipt. The accountability for such property will be carried by the property officer charged with the storage and issue of quartermaster or ordnance property, as the case may be, at the post or station at which the headquarters of the department or corps area are located. Physical inventories of the property so issued will be taken as required by Special Regulations No. 120.

13. **Withdrawal of property.**—Failure on the part of any post or camp to comply with the foregoing regulations or with any others that may be prescribed by the Chief of Ordnance, United States Army, with the approval of the Secretary of War, for the care, preservation, or accountability of any Government property issued to it by the United States Government, will be considered sufficient cause for the prompt withdrawal by the Secretary of War of all the Government property in its possession.

14. **Return of property.**—If any organization shall fail to cause the return of the Government property in its charge within 30 days after demand made by the Secretary of War, the delinquency will be immediately referred to the Attorney General of the United States in order that the bond involved may forthwith be put in suit.

**15. Department or corps area ordnance officers, where located.**

*First Corps Area.*—Headquarters, Army Base, Boston 9, Mass. Comprising the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island.
